Starting a Lab Project (Module E)

We herewith declare that a laboratory project in the BMB master study program is carried out according to the rules outlined below.

The candidate has a maximum of 9 weeks to finish the lab project including the submission of the written part. As a guideline, 6 weeks of practical work and 3 weeks of writing are recommended. The supervisor should review the text within 4 weeks. It can be improved once by the candidate within 2 weeks after return of the reviewed protocol. The supervisor has to indicate if the project is to be done in Microbial Systems.

Institution of lab project:

Name of Supervisor:

Starting date:

Ending date (+9 weeks):

Provisional title of the laboratory project:

City/ Date/ Candidate's signature

City/ Date/ Supervisor's signature
