**2021 - KoMSO ACADEMY**

# Combining model- and data-based approaches for industrial problems

The Center for Industrial Mathematics (ZeTeM) and the Committee for Mathematical Modeling, Simulation, and Optimization (KoMSO) is happy to host the first KoMSO Academy: Combining model- and data-based approaches for industrial problems in 2021.

The KoMSO Academy combines a Challenge Workshop with well-known speakers from industry and academia and a Training course with hands-on session. The focus of the Challenge Workshop will be on energy and mobility.

## Confirmed speakers

Ralph Grothmann, Siemens AG, Bremen

Julian Bergmann, Chris M. Peters, EWE AG DataLab, Oldenburg

Björn Weißhaupt, Deutsche Bahn AG, Frankfurt

Ralf Korn, TU Kaiserslautern

Wil Schilders, Eindhoven University of Technology

Hanno Gottschalk, University of Wuppertal

## Registration:

Registration fee for industry:

Training and hands-on session 500 €/ Workshop 300 €

Registration fee for academia: 150 €
