

University of Bremen collaborates with Off-University and the New University in Exile Consortium

The Institute of Anthropology and Cultural Research (IfEK) and the Institute of Political Science (IPW) continue to collaborate with the Off-University to support academic freedom. The Off-University stands up for persecuted and repressed scientists and against the repression of academic freedom. It is part of the network "New University in Exile Consortium", which supports the concerns of persecuted scientists worldwide. The Off-University establishes and tests new digital learning and teaching formats with and for scientists and students who live in exile or have to work under repression in various regimes. We are happy to host the seminar on „Racism, Coloniality and Space“ by Dr. Utku Balaban und Dr. Gllistan Yarkın in the summer semester 2021.

The course is a cooperation among Off-University, New University in Exile Consortium, and Bremen University. It will start on April 16th and take place every Friday from 4- 6pm (CET).
