Kommentar zur Lehrveranstaltung im WiSe 2021/22

Description of seminars

Veranstalter*in: Yuru Li

Lecturer:

Titel (dt.):

Titel (engl.): Basic grammar and text processing on R

Beschreibung:

Description:

This seminar will give a brief introduction of R and its basic grammars, especially related to text processing. Then we will learn how to do text processing on R, such as word frequency analysis, sentiment analysis, topic modeling, etc.
