Beschreibung:
Apply now for 18,April 2017
Internship in the Development Department

Organisation: Robert Bosch España Fabrica Aranjuez I
Location: Aranjuez I Department: Development Department

The innovation capacity determines the success of Bosch. You might contribute with us to the continued improvement of our work. The activities' field of gasoline systems develops and produces modern motor systems which help to create dynamic, clean and economic cars. For the Department of Development of our factory located in Aranjuez (approximately 45 kilometers far away from Madrid), we are looking for highly engaged and responsible students, who are in the last years of their Bachelor degree or Master degree. The paid internship has a duration of six months, starting at the mid of 18, April
2017(800 euros/month).

Your tasks:
You will take part in different professional projects with experts and you get the opportunity to put your theoretical knowledge acquired at university into practice.
- Support the project leaders in the development of filters
- Request and Management of new stereotypes, testing orders and measurement protocols
- Analysis of failures / fabrication of samples
- Support to designers
- Realization of changes in technical drawings using Unigraphics program
- Analysis of filters which belong to the competence (Reverse Engineering)

Every success has it's beginning. Apply now!
If you are motivated, communicative, independent and flexible, you enjoy working in teams, and you are interested in experiencing the extraordinary environment of one of the biggest multinational enterprises of the today's world, then don't hesitate to send your application in Spanish and English by email.

Anforderungen: Your competencies:
- Knowledge of English
- Very valuable knowledge of Spanish or German (or both)
- Good knowledge of CAD (Unigraphics, Catia).

Stipendium: Mögliche Förderung über ERASMUS-Stipendien für Auslandspraktika.
