Beschreibung: The innovation capacity determines the success of Bosch. You might contribute with us to the continued improvement of our work. The activities' field of gasoline systems develops and produces modern motor systems which help to create dynamic, clean and economic cars.

For the Department of Bosch Production System (BPS) of our factory located in Aranjuez (approximately 45 kilometers away from Madrid), we are looking for a highly engaged and responsible student, being in the final years of the Bachelor’s degree or Master’s degree. The paid internship has a duration of six-months, starting in September 2017 (800 euros/month). We will give you the opportunity to apply your theoretical knowledge and gain valuable practical experience.

Your tasks
You will get your own project and additionally support the "Bosch Production system" team (including Lean Management) in the following tasks:
- Development of systematics concerning improvement processes (S-CIP)
- Projects about improvements of productivity (OEE/Output)
- Logistical projects (KANBAN, supermarket-leveling, Millrun, pullsystem)
- Development of TPM - Total Productive Maintenance
- Development of 5S activities, etc.

Every success has it's beginning!
If you are motivated, communicative, independent and flexible, you enjoy working in teams, and you are interested in experiencing the extraordinary environment of one of the biggest multinational enterprises of today's world, then don't hesitate to send us your application in Spanish and English by email.

**Anforderungen:**
What makes you different
- Studies of Mechanical Engineering, Industrial Engineering, Logistics or Engineering and Management
- Advanced knowledge of English and German
- Intermediate level of Spanish (B1/B2)
- Good knowledge of MS Office

**Stipendium:**
Mögliche Förderung über ERASMUS-Stipendien für Auslandspraktika.
