NEW COOPERATION AGREEMENT

On Tuesday, 16 April 2019, the University of Bremen and the Alumni of the University of Bremen signed a new cooperation agreement. The existing contract, an adjustment from 2006, the year the association was founded, had to be adapted to the current situation of the university and the association. The alumni board and the university (pictured at the signing ceremony: University-Director of Finance and Administration Dr. Martin Mehtrens and Ute Treptow, deputy chairwoman of the board) drew a positive conclusion on the development and work of the association so far.
