Open Forum Events would like to invite you to our Digital Health UK: The Future of Healthcare, Digital, Data and Technology conference. The event will be taking place in Manchester on the Thursday 24th October 2019.

We are delighted to announce today that Karen Livingstone, National Director, AHSN Innovation Exchange and SBRI Healthcare and Dr Theofanis Fotis, Principal Lecturer, School of Health Sciences, University of Brighton have both just confirmed to speak at this event.

This conference is the latest in a series of events hosted by Open Forum Events focusing on digital transformation and emerging technologies within the healthcare sector. The day will feature a series of presentations, discussion sessions and interactive networking to reinforce the Health and Social Care Secretary’s vision for a more tech-driven NHS.

Join us at the Digital Health UK: The Future of Healthcare, Digital, Data and Technology where this conference will bring together NHS professionals, Public, Private, Academia, Voluntary and Third sector where the discussions and interactions will inform delegates as to the
future ambitions for a technologically enriched NHS.

If this event is for you book your place(s) today or why not ask us to hold you any places while you await the funding. *Invoice option available on all registrations.
