

# Two Student Assistants: Bremen Big Data Challenge (BBDC)

The Bremen Big Data Challenge is an annual data analysis competition that covers tasks from cafeteria load prediction to audio event detection. For future BBDCs, we are looking for support in one of the following fields.

If you are interested in any subtopic, drop us an informal email to the address below!

## Student a: Website/Design

- Work with us on the upload system
- Shape and implement the BBDC design for the next years

### Requirements:

- Good eye for design and color
- Flask / HTML+CSS experience

## Student b: Data Preparation

- Curate and prepare the data for the upcoming BBDCs
- Pre-test the new challenge
- Prepare/upload the final challenge

### Requirements:

- Fundamentals in Data Science / Machine Learning
- Experience in Python, Numpy and Pandas

Most topics can be extended to  
a BA/MA thesis: just talk to us!  
Language: DE/EN
