STUD.IP

- Each student of the University of Bremen receives access data for a personal email account (...@uni-bremen.de) from the "Zentrum für Netze" (Zfn ; IT services).
- The access data is used for the email account with ZfN as well as for Stud.IP. - It is necessary to check both inboxes on a regular basis.
- The access data will be communicated via email as soon as the enrolment at the University of Bremen is completed.
- Stud.IP is the course management system at the University of Bremen. Most lecturers and professors use Stud.IP for their courses.
- You can find a step by step guide on how to register for courses on our Newcomer Service Website
