Health Care and Medical Services

In Germany, there are general practitioners as well as specialists in each field (e.g., radiologists, optometrists, dermatologists, etc.). In case of illness, it is normal to go to a general practitioner (Arzt für Allgemeinmedizin) first. He/she will send the patient to a specialist if necessary. It is recommendable to make an appointment before going to the doctor.

Everyone has free choice in the selection of their doctor. Search portals for Doctors:

- Arzt-Auskunft
- Kassenärztliche Vereinigung

For an appointment you have to bring:

- Proof of valid health insurance (e.g. EHIC card)
- proof of matriculation at the University of Bremen
- ID / Passport

Pharmacies and Medicine

In Germany, medicine is only available in pharmacies. There are two types of medicine: available with or without a prescription.

The German law on medicine is strict - most medicine is only available with a prescription (e.g. antibiotics) and pharmacies will not provide them without a prescription from a doctor.

Most health insurances generally cover most of the cost of medicine. There might be an additional fee of around 5-10 Euro.

At night or on the weekend, we recommend contacting the emergency pharmacy service (Apotheken-Notdienst). Information on which pharmacy to contact in this case can be found in the newspaper or on the internet.
Psychological and Social Support

The "Studierendenwerk Bremen" offers support to students in situations of psychological or social crisis.

The program starts during the first few weeks of the semester. More information on Study Buddy
