UBremen Research Alliance / Welcome Center

Welcome Letter – U Bremen Research Alliance

Bremen 2021

We would like to welcome you to the Federal State of Bremen with its two cities, Bremen and Bremerhaven.

Bremen is one of the outstanding locations of research in Germany. The University of Bremen and ten non-university research institutions founded the U Bremen Research Alliance in April 2016, offering optimal conditions for excellent cooperative research.

As a new staff member at one of the eleven U Bremen Research Alliance institutes, we invite you to use the broad range of administrative and social services of the U Bremen Research Alliance Welcome Center. Amongst others, we give an overview on the research campus and the city, support with visa and formalities, offer housing advice and services for accompanying family members. You might inquire either via Email, phone or by personal consultation. Additionally, we cordially invite you and your families to our various events and excursions.

Please find more information and our registration here: www.uni-bremen.de/welcomecenter

The U Bremen Research Alliance Welcome Center is a perfect complement to the services offered by your employing institution. It is located on the university campus and designed to assist you in every non-academic and practical question in order to make your stay in Bremen as pleasant as possible – no matter if you are here for only a month or have been appointed to a permanent post.

We wish you a successful stay in Bremen with many positive experiences.

Kindest Regards,
Team U Bremen Research Alliance
