**Review of a doctoral thesis in the Dr. rer. nat. program
Department 8, University of Bremen**

Name of the reviewer:

Name of the candidate:

Title of the thesis:

Please assess the doctoral thesis by taking into consideration the indicated evaluation scheme. Please comment your assessments especially for the highest (1) and the lowest (5) rating.

Evaluation scheme (0, 1-5)

- 0: not applicable
- 1: above average (*magna cum laude*)
- 2: on average, as expected (*cum laude*)
- 3: below average (*rite*)
- 5: insufficient

Please assign only full marks!

Remarks:

The given marks should be reproducible based on individual assessments. If, for instance, all criteria are marked as 1, the final rating of *magna cum laude* would be expected. Normally, there would be different grades for the different criteria. Weighting of these criteria to determine the final grade depends on your judgement and also on structure and contents of the doctoral thesis.

Criteria

Originality and timeliness

Your rating:

Comment:

Clarity of hypotheses and arguments

Your rating:

Comment:

Reproducibility of methods

Your rating:

Comment:
